Dr. Millan is a fellow in the American Academy of Pediatrics and certified by the American Board of Pediatrics.

ANN L. PINNING, FNP- BC FAMILY NURSE PRACTITIONER

Ann Pinning is highly qualified for assisting me in caring for your child(ren). I have worked with her at JFK Memorial Hospital since 1995 and have noted her care as thorough, friendly and thoughtful. She has demonstrated excellent well child and critical care skills. She obtained her Nursing Credentials at Pacific Lutheran University, Tacoma, WA in 1981. She completed the Nurse Practitioner Program at California State University; Dominguez Hill, CA may 1999. She has been with us since July 1999. I fully expect that you will be pleased with her care.

CONTINUED

Please review the "Sick Care" handout before calling for advice. Note which is your medical group. Notify our office if you need a follow up visit after going to the Urgent Care clinic or Emergency Room.

If you "WALK IN" without a pre-arranged appointment or "TARDY" by 15 minutes, expect to be scheduled / rescheduled for the next available "Same Day" appointment. If no appointments are available, then you will be referred to your designated urgent care clinic. The option of rescheduling for the next day may be inappropriate for issues of breathing problems, fever or extreme pain.

WE WORK BY APPOINTMENTS ONLY

FEVER CARE (Temp >100.4):

Don't be afraid of fever, it is your child's method to fight an infection. Many illnesses have mild fever for 2-4 days. For temperatures in armpit, add 1 degree to compare to rectal/oral/ear temperatures. Use armpit temps to screen for fever. Check rectal, oral, or ear to confirm fever. Use an ear thermometer on children >6 months of age. Normal temps in rectum/oral/ear range from 97.6-100.3 F. Start a fever reducer for temp >102.0 F.

Acetaminophen (Tylenol-Panadol) about 8mg/lb every 4-6 hours. Max of 500-650 mg/dose for adolescent.

Ibuprofen (Motrin-Advil) about 8mg/lb every 6-8 hours*Must be >6mos. age*Max of 200-400 mg. dose for adolescent.

Call Office: Child <3 mos. age with any detected fever warrants urgent care!

Child >3 mos. Age needs urgent care if fever is >104.0 F for more than 3-4 hrs. and tried acetaminophen, ibuprofen, and 15 min lukewarm bath. Schedule routine appt. for fever of 100.4-103.9 F by 3rd or 4th day or if fever >102.0 F for more than 12 hrs. with acetaminophen or ibuprofen. (Try switching meds by 8-12 hrs.)

MINOR COUGH AND COLD:

This minor viral illness usually resolves by 7-14 days. The 1st 3-4 days are the worst for cough & congestion.

Child <2yrs.-For congestion use humidifier or nasal suction with nasal aspirator 2-3 x's/day, don't overdue suctioning. Consider 1-2 saline drops (1/4 tsp salt per 8 oz. water) to loosen mucus. Remember 1 nostril at a time. For cough use warm liquids (breast milk, formula, water) to soothe irritated throat. I usually don't recommend meds as they are stimulants & can cause irritability, however, Zarbee's makes a natural cough suppressant with honey for children >12 mos. age and Agave for babies <12 mos. age.

Child >2yrs.-For congestion and cough use pseudoephedrine (Dimetapp, Sudafed, etc.) and dextromethorphan (Robitussin DM, Triaminic DM, etc.) Cough drops can be a choking hazard for those under 5 yrs. of age. Buy Children's syrup, it's the cheapest. >2yrs old give full-recommended dose every 4-6 hrs. as needed.

Call Office: Schedule an apt for nasal discharge 7-10 days/prolong or repeat onset of fevers/worsens during 2nd week of illness or ill for >2wks/severe sore throat without cough could be strep. Urgent care for rapid difficulty breathing/chest pain/prolong, intense, or frequent coughing spasms/restricted breathing with unusual sounds of wheezes (when exhales) or stridor (when inspires) cyanosis (bluish) discoloration.

VOMITING ILLNESS CARE:

Do not start diet change unless noted recurrent or persistent vomiting. For example 4-6 episodes over 4 hours observation. Most vomiting illness resolves by 1-2 days. I don't recommend meds to inhibit vomiting as care may be delayed for emergencies. Most meds for vomiting have side effects of drowsiness, dizziness, and abnormal facial movements.

If needed: Restrict all liquids and solids for 1 hour. Then reintroduce clear liquids (water, juice, Gatorade, pedialyte, Jell-O water, and gelatin) at 1oz serving per 15 min of observation for vomiting. If tolerated for 1 hour advance to 2oz servings. By 3rd hour advance to 3oz servings. If tolerated, may reintroduce **BRATT** diet (banana, rice, applesauce, tea, toast, cooked egg white, soy milk/formula, cereal, noodles, soft cooked veggies or fruit) again at 15 min intervals about 4-8 bites/serving. Resume regular diet if not vomiting for 24 hours.

For strictly breastfed infants, offer 10 mins of breastfeeding or breastfeed 1 side for 15 mins then wait 15 mins to see if tolerated.

Strictly formula fed infants can be bottle-fed clear liquids for 4-8 hours.

Call Office: Urgent appts for intense abdominal pain>2hrs/green vomitus. Not tolerating above plan by 2-3 hours/ dehydration noted by dry mouth, no tears, sunken eye sockets, not urination by 12 hour intervals/lethargic-extreme sleepy behavior/vomiting >2days.

DIARRHEA ILLNESS CARE:

It's normal for infants to have frequent soiling at 2-3 hr. intervals. Older children can have 1-2 stools per day. Diarrhea (loose-watery stools) can last up to 2 wks. starting with frequency of 1 per 2 hrs. The rate of diarrhea diminishes by half every 3 days till resolved. Diarrhea of 1 per 3 hrs. (8BM's/day) warrants diet treatment similar to the above treatment for vomiting. Resume regular diet if having 1 diarrhea stool per 6 hrs. (<5BM's/day). Medicine for diarrhea? Not recommended as diet changes should be sufficient, not effective, or carry risk of hives.

Call Office: Same as vomiting instructions/bloody diarrhea/diarrhea past 2 wks. duration.

ANY CHILD WITH >2HOURS OF SEVERE PAIN NEEDS URGENT-EMERGENCY CARE!!!

ANY CHILD WITH >4HOURS OF MILD PAIN NEEDS TO BE SEEN IN 24 HOURS!!!

NOTICE OF PRIVACY PRACTICES

**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO
THIS INFORMATION.
PLEASE REVIEW IT CAREFULLY.**

The Health Insurance Portability & Accountability Act of 1996 (HIPAA) is a federal program that requires individually identifiable health information used or disclosed by us, whether electronically, on paper, or orally, be kept confidential. HIPAA gives the patient significant new rights to understand and control how health information is used. It also provides penalties for covered entities that misuse personal health information.

We may use and disclose your medical records only for the following purposes:

- **Treatment.** Providing, coordinating, or managing health care and related services by one or more health care providers.
- **Payment.** Obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review.
- **Health Care Operations.** Conducting quality assessment and improvement activities, auditing, cost-management analysis, and providing customer service.

We may also create and distribute de-identified health information by removing all individually identifiable information.

We may contact you to provide appointment reminders, information about treatment alternatives, or other health-related benefits and services, which might be of interest to you.

Any other uses and disclosures may be made only with written authorization. You may revoke such authorization in writing and we are required to honor and abide by that request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights, which you can exercise by presenting a written request to our office.

- To request restrictions on certain uses and disclosures of protected health information. This includes disclosures to family members, other relatives, personal friends, or other persons identified by you. We are not required to agree to requested restrictions. However, if we do agree to a restriction, we are obligated to abide by it unless you agree in writing to remove it.
- To a reasonable request to receive confidential communications from us by alternative means or at alternative locations.
- To inspect and copy your protected health information.
- To amend your protected health information.
- To receive an accounting of disclosures of protected health information.
- To obtain a paper copy of this notice upon request.

This notice is effective as of January 1st, 2008 and we are required to abide by the terms of the *Notice of Privacy Practices* currently in effect. We reserve the right to change the terms of our *Notice of Privacy Practices* and to make new notice provisions effective for all protected health information that we maintain. You may request a written copy of a revised *Notice of Privacy Practices* from this office.

Should you feel your privacy protections have been violated, you may file a written complaint, about violations of the provisions of this notice or of the policies and procedures of our office, with this office or with the Department of Health & Human Services, Office of Civil Rights (address below). We will not retaliate against you for filing a complaint.

Please contact us for more information. For more information about HIPAA contact:

WE ALL WISH TO PROVIDE GOOD, QUALITY AND TIMELY VISITS. PLEASE REVIEW THE FOLLOWING RECOMMENDATIONS.

PLEASE NOTE THAT THE ASSIGNED TIME FOR AN OFFICE VISIT IS "CHECK IN TIME". DEPENDENT UPON THE TIMELINESS OF INSURANCE CERTIFICATIONS, PATIENTS' TARDINESS, AND PRECEDING PATIENT NEEDS, YOUR OFFICE WAITING TIME MAY TAKE LONGER THAN EXPECTED. IF YOU WAIT MORE THAN 15 MINUTES TO ENTER A CLINIC ROOM, PLEASE NOTIFY THE FRONT OFFICE. IF YOU WAIT 15 MINUTES IN THE CLINIC ROOM, PLEASE NOTIFY THE MEDICAL ASSISTANT. AN EXPLANATION WILL BE GIVEN OR THE DOCTOR WILL BE NOTIFIED OF YOUR WAITING TIME. - WE DO NOT PROVIDE "DRIVE IN PEDIATRIC CARE".

IF THERE IS A PROBLEM WAITING FURTHER, DUE TO CHILD'S BEHAVIOR OR OTHER PRESSING APPOINTMENTS, PLEASE NOTIFY THE OFFICE STAFF. IF ANOTHER VISIT IS NOT INCONVENIENCED WE MIGHT BE ABLE TO ACCOMMODATE AN ARRANGEMENT.

THOSE WHO ARE LATE FOR CHECK IN WILL BE RESCHEDULED. UNSCHEDULED WALK-INS ARE NOT APPRECIATED AND WILL BE GIVEN THE NEXT APPROPRIATE APPOINTMENT.

FAILURE TO RESCHEDULE OR CANCEL OFFICE VISITS CURTAIL OUR DELIVERY OF CARE. YOU WILL BE NOTIFIED ABOUT REPEATED "NO SHOWS" AND IF UNRESOLVED, CAN JEOPARDIZE OUR RELATIONSHIP.

UNCIVIL OR RUDE BEHAVIOR WILL NOT BE TOLERATED BY ANYONE.

NEW NO SHOW POLICY

Beginning July 1st, 2014 if you do not show for your appointment and do not call before Noon on the day before the scheduled appointment, it will be documented as a NO SHOW.

NO SHOW appointments will be handled in the following manner.

First offense:

You will have 2 weeks to reschedule a make-up Well Child Appointment.

Second offense:

Make up Well Child appointment needed for office services (Rx, SDA & Special Problem Appointments) as well as disenrollment for subsequent No Shows.

Third offense:

Three NO SHOW appointments in any 12 month period will constitute a Forced Transfer of Care. We will notify your insurance that we wish to divorce you as patients and you will need to find a new Physician.

We pride ourselves on being able to schedule and see our patients in a timely manner, however, if we have patients that habitually do not show up for their appointments, it makes it difficult for the office to run efficiently.

We thank you for your cooperation and look forward to treating your child to the best possible care we can offer.
